Celebrating your
DAY

HEYYY! I'm Keilah (Kayla lol)!! Ok so I couldn't let you go on without further introducing myself. I'm the girl behind Keii Photography who has been having a camera in her hand since the 1st grade. At this point a camera is just an extension to my arm. I love playing tennis, running in the park, and going on any good adventure. I love creating all sorts of things media related on my Instagram page.

I've been running Keii Photo since 2018, and shooting all types of people's needs- Seniors, Couples, Engagements, and Parties.

I grew up in sunny San Diego taking photos, recording my trips, and editing my life away. I carry camera and editing knowledge beyond photography. One of my other passions that also involves my Canon Camera is cinematography and videography. Along with my business, I've been recording since 2018 creating what ever I can.

WEDDING COVERAGE

YOUR DAY

COVERAGE

Each part of your day deserves to be caught. There's not a moment that shouldn't go uncaptured because you know how much thought you've put into the smallest and biggest of details.

WEDDING SHOTS / TIMELINE

1

Getting Ready / Details

- With you from the start. I will be there to capture you putting on your dress or putting on your suit.
- Getting ready pictures with your crew
- Getting shots of invitation cards, the rings, your dress, your shoes, and flowers

2

First Looks and the Crew

- Once everyone is ready some couples decide to do first looks or first touch. Whatever your heart decides, I'm there capturing those big moments
- According to your timeline tribe shots should be somewhere in there
 - Brides and Bridesmaid
 - Grooms and Groomsmen
 - Full on Tribe shots according to your timeline (before or after the ceremony)
 - The Bride and the Her family, the Groom and his Family (according to your timeline)

3

Venue and Reception Settings

- Some of my favorite things to capture are the details of venues. I'll get shots of the venue you booked and the setting of where your ceremony will take place
- After you've just been wedded I can't wait to celebrate with you but before you and the guests come in, it is my mission to capture the setting of your reception

WEDDING COVERAGE

YOUR DAY - CONTINUED

WEDDING SHOTS / TIMELINE

4

Ceremony

- All the eyes centered on the groom and bride. The moment we've all been waiting for! Your ceremony will be covered all the way
- From the moment the bride walks gracefully down the aisle, you exchange your vows, are pronounced husband and wife, to being cheered on out, my camera is capturing every second of everyone emotions

5

Just Married Portraits

- Time to celebrate that you just got married!! Capturing just you and your significant other with a scenic view!

6

Reception / Exit

- Time to celebrate with your friends and family!!
- Capturing every moment of you hearing sweet words from family and friends, going crazy in the dance floor, and just having the best time with people
- Of course the finale... Your grand exit!!! There are so many creative ideas to wish you and your significant other off. Whatever it may be I can't wait to capture your final sweet moment from your big day!!

MY WORKFLOW

I believe it's important for you to understand my vision when it comes to the pictures I capture and edit.

STYLE

Couples are usually intrigued by a photographers style. There are so many beautiful colors and tones to be fascinated by.

My style is made up of yellow bright warm tones

POST PROCESSING

No time is wasted once your pictures have been taken. As soon as I get back to my work station the raw files are uploaded to 2 hard drives to ensure safety over file loss or hard drive corruption, as well as being uploaded to a cloud drive. The files won't be deleted off the memory cards till all images have been edited and delivered.

Raw files are then brought into my editing software to begin the culling process, choosing the best photos from your day. I try my best to surprise you with previews the next day so you can share with family and friends.

A gallery will be provided for the viewing and downloading of images. Photos will be added constantly over 1-2 months until all have been added to your gallery.

PACKAGES / ADD ONS

I've put together a variety of packages and additional services to help you find the best fit for your wedding day & budget

Package 1

- Offers 6 Hours of coverage starting at \$800 for your wedding day. If you're having a small intimate wedding, I believe this could be a great option for you

Package 2

- Offers 8 hours of coverage, starting at \$1200. A good option for those who require standard coverage

Package 3

- Get the most out of your day with full coverage 10-12 hours, includes an engagement session, and coverage of rehearsal dinner. Starting at \$1600. This package captures the most of your journey, not just your wedding day. Capturing your love while you're engaged, the moments before your big day, and of course, full coverage on your Wedding day

ADD ONS

Engagement Session: \$350

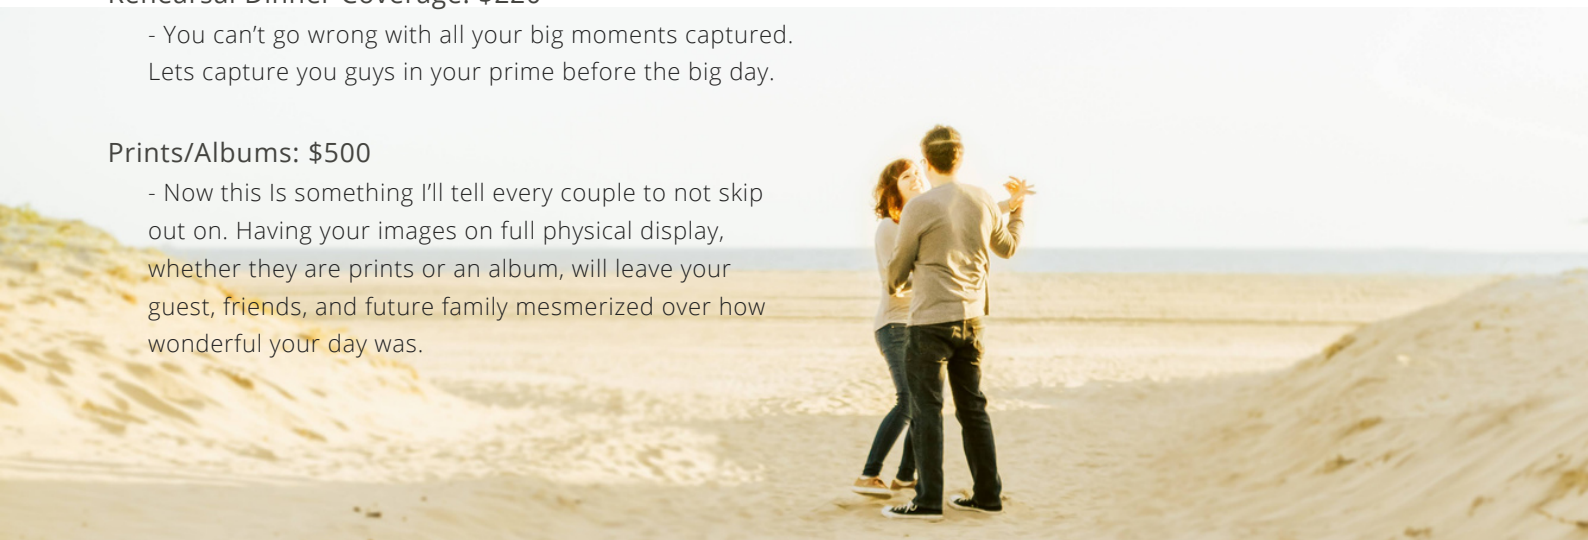

- I would love to capture your love before the big day. It would help me get to know both of you better, and build a bond. This would also serve for you to have pictures for save the date cards if that is something you haven't done yet.

Rehearsal Dinner Coverage: \$220

- You can't go wrong with all your big moments captured. Lets capture you guys in your prime before the big day.

Prints/Albums: \$500

- Now this is something I'll tell every couple to not skip out on. Having your images on full physical display, whether they are prints or an album, will leave your guest, friends, and future family mesmerized over how wonderful your day was.

PAYMENT PLAN

3 STEP PAYMENT PLAN

Photography is not the only thing you're investing money and time in. I've curated a simple 3 step plan that makes keeping track of payments simple for whatever packages and service you choose

1

First payment

- The first payment is 50% of the total payment. This goes to your deposit fee which secures your Wedding date on my calendar

2

Second Payment

- The other half of the payment is split into 2 parts. The 2nd payment is due 2-3 months prior to your wedding date. As the time closes in, the last thing I want my couples is to be is stressed that they haven't made the payment, let's say 1 week before the wedding date. You're finalizing details, getting nails and haircuts done, I want to keep payments far from your day so you just prepare with ease

3

Third and Final Payment

- The last payment is made once I send off your final gallery with all the images delivered. That's usually made 1 month after your wedding

FAQ

1

Can we add a second shooter?

- As the lead photographer, I highly encourage my couples to allow me to bring a second shooter. It is an add on service but you're getting double the captures. They would help capture more candid moments and emotions from different sides (examples- ceremonies, first looks, group shots)

2

What's my equipment?

- I'm happily shooting with a canon camera with a variety of lenses that will help me capture your day from any spot. I carry 2 camera bodies on me throughout the day in case I want to shift perspective with my lenses. My lenses adapt well with lowlight situations, and I bring a flash for added lighting

3

Collaboration with videoographer

- If you've got your videographer booked or plan to, just know that in the end we both plan to create the best images and video for you. I've done video work so I completely understand their methods and requirements for getting shots. It's going to be a team effort for the both of us to capture your love and special day.

4

Do I need to create a shot list?

- Yes. Now I know this sounds like extra work but it's vital for your day. The creation of a shot list does not have to be a solo mission. I'd be happy to guide you through creating this list because it's your big day, I want all your dream pictures to be captured.

5

What are my backup plans?

- Life happens, we can't control everything that comes our way. So in the case of me getting sick, I am prepared to have another lead photographer on standby. Fortunately there are many amazing photographers out there that I can depend on to be there in case of life. Same thing is applied for my second shooters.
